

NetShelter® VL Enclosures

Cost-effective IT enclosures with basic functionality and features

Low to Medium Density Server Applications

NetShelter® VL Enclosure Features

The APC NetShelter VL is the enclosure you have become familiar with from APC but now with basic functionality and features provided as a cost-effective solution. The NetShelter VL maintains a strong focus on cooling, power distribution, and cable management to provide a reliable rack-mounting environment for mission-critical equipment but with optional features such as side panels, casters, and vertical 0U accessory channel that reduces the cost of the base enclosure.

- > Integrated with APC InfraStruXure®
- > Guaranteed Compatibility
- > Cable Access
- > Simple Selection
- > Ventilated
- > Quick Release Doors
- > Adjustable Mounting Rails
- > Split Rear Doors
- > Adjustable Leveling Feet
- > Integrated Electrical Grounding

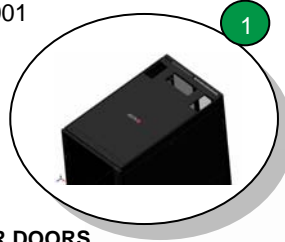

NetShelter® VL Enclosures

Available in Various Sizes

42U 600mm Wide x 1070mm Deep with Sides – AR2900

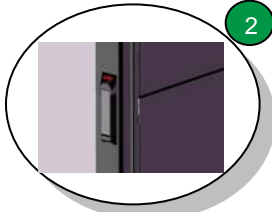

42U 600mm Wide x 1070 Deep with no Sides – AR2901

800 kg load capacity NetShelter® VL

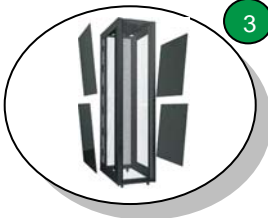

1 CABLE ACCESS ROOF

- > Holes contain brushes to control airflow
- > Includes two panels

Casters

Caster kit provides flexibility to move the enclosure within the IT environment.

NetShelter® VL Cable Management

Horizontal Cable Organizers

Comprehensive selection of accessories designed to organize data cables within a rack environment. These accessories offer the proper cable management options to meet varying needs.

AR8425A and AR8426A – 1U and 2U Horizontal Cable Organizers

AR8428 – Horizontal Cable Organizer 2U with pass through holes

AR8429 – 1U Cable pass through with brush strip

AR8427A – Horizontal Cable Organizer 2U with cable fingers

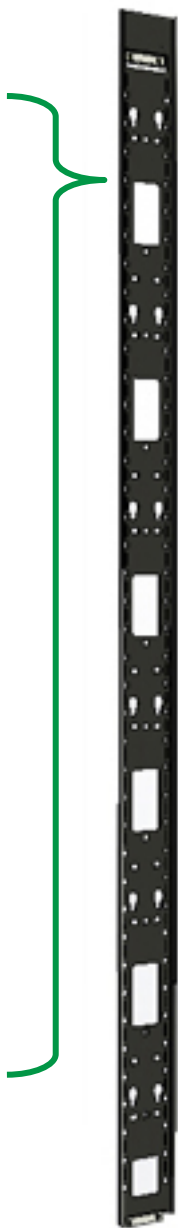

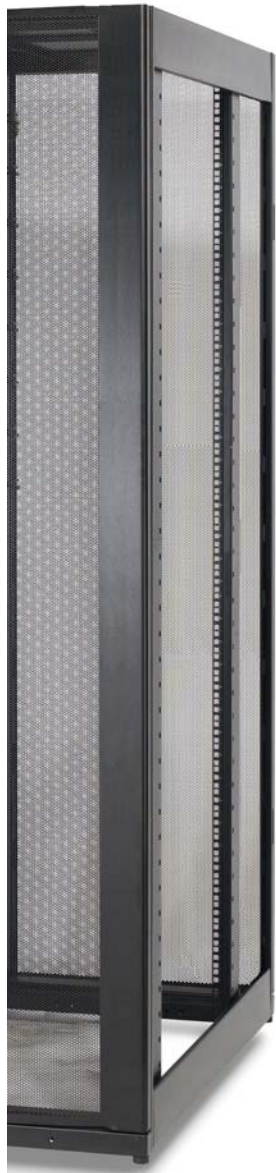

AR8600, AR8601, AR8602 – 1U and 2U Horizontal Cable Managers with Covers

NetShelter® VL Cable Management

Rear Vertical Zero U Accessory Channel and Cable Managers

1

AR7501 – Vertical 0U Accessory Channel

Cable management accessory to help eliminate cable stress and maintain a new, organized cable layout within the enclosure

- > Toolless mount Rack PDUs
- > Toolless mount vertical cable organizer

2

AR8442 – Vertical Cable Organizer 8 Cable Rings, Zero U

- > Supports 35 to 55 Cat 6/Cat 6a data cables
- > Mounts toollessly on the vertical 0U accessory channel

3

AR7710 – Cable Containment Brackets with Rack PDU Mounting

- > Low profile vertical cable management
- > Support 60 to 90 Cat 6/Cat 6a data cables
- > Mount toollessly on the vertical 0U accessory channel

4

AR7711 – Zero U Accessory Bracket

- > Mount Rack PDUs rear facing orientation
- > Support 3rd party accessories in numerous mounting configurations
- > Mount 1U or 2U patch panels or other networking accessories

5

AR8621 – Hook-and-Loop Cable Managers (Qty 10)

- > Mount toollessly on the vertical 0U accessory channel
- > Secure and bundle cables with hook-and-loop ties

NetShelter® VL Fiber Cable Management

AR8443A - Vertical Fiber Organizer

- > Manage fiber within a NetShelter VL enclosure
- > Promote proper bend radius of the fiber
- > Mitigate any kinking or damaging of the cable
- > Includes two organizers and four spools
- > Mount toollessly on the vertical 0U accessory channel

AR8444 - Spools for Vertical Fiber Organizer

- > Four plastic spools for fiber management
- > Toollessly mount to the narrow vertical cable organizer (AR7511)

NetShelter® VL Accessories

1U Toolless Airflow Management Blanking Panels

Modular toolless blanking panels allow for quick and easy installation to promote proper airflow.

Shelving

Fixed and sliding shelves with weight capacities ranging from 50-250 lb (23-113 kg)

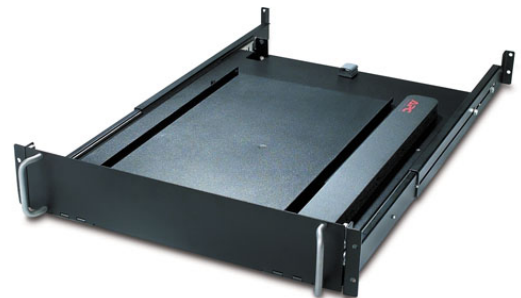

AR8105BLK and AR8122BLK – Fixed Shelves 50 & 250 lb (22.7 & 114 kg) Black

AR8123BLK and AR8128BLK – Sliding Shelves 100 & 200 lb (45.5 & 91 kg) Black

AR8126ABLK and AR8127BLK – 17 and 19-in Keyboard Drawers Black

NetShelter® Related Products

Cooling Solutions

Fan products used to minimize air mixing, distribute cool air to equipment, and remove heat from the rack or room.

Power Distribution

Diverse rack power distribution offerings to meet the needs of entry-level networking equipment and high-density server environments.
